COVID-19 has brought unprecedented challenges to how employers manage work. Can employers compel staff to work from home, or work at the office? Are employees entitled to pay if they are quarantined? Are employers legally liable for the physical and mental well-being of its work force? Can employers require staff to be vaccinated, or be tested for COVID-19? Our webinar seeks to address some of the frequently asked questions arising from the pandemic and offer practical guidance to employers on how to effectively navigate their way through these uncharted territories in the COVID-19 era.

CPD accreditation by the Law Society of Hong Kong has been applied for.

Participants are encouraged to submit questions prior to the seminar for the speakers' consideration. You may do so on the RSVP portal.
